## C of C Set Up As Information Hq. For Airport Data

Chamber Directors Break Ground On New Organization Project

Chamber of commerce directors initiated action on the newest project — acquisition of an airport — by setting up an information headquarters here at the regular monthly meeting Tuesday night.

They moved to gather as much material as possible from available sources. The secretary was instructed to contact the regional director of the Civil Aeronautics Authority in Atlanta and the Dade County Port Authority for information on further development of the airport. Henry O. Barwood, president, presented a brief history of the airport in the city files and should be obtained. J. Harris, vice president, followed through on the project work.

Harris and W. F. Crider presented a brief report on the hearing before the Internal Improvement Board in Tallahassee recently when the city was granted option on land for port. Harris emphasized that much credit for success of the action is due Nathan Mayo, Commissioner of Agriculture. He advised also that request for assistance in port development be delayed until Pahoek's request has been completed.

Pointing out tremendous advantages which a port would afford the area, Harris stressed that the city should make use of the land in Belle Glade is located on a main water route from Key West to Fort Myers and is a midway point between Sturgis and Fort Myers. The area has two tourist attractions, boating and fishing, at the back door and should capitalize on them by supplying a place for pleasure boats to dock. The port would enable heavy cargo.

## GERKHEN SPEAKS AT LIONS CLUB MEET

Mr. Gerhken, manager of the federal security agency for the district in West Palm Beach, outlined the new social security rules at Lions Club meeting Wednesday noon.

"New groups brought under social security the first of the year include an average of 10 million people in the program," Gerhken said. "Eight million of these are in the compulsory group and two million in the voluntary."

Gerhken pointed out that professional or self employed people only have to make reports once a year in March. He particularly emphasized qualifications and regulations pertaining to agricultural workers.

The speaker conducted a question and answer program following the talk.

All fines collected at the meeting were donated to the March of Dimes drive.

## Shootin' Blanks

By Paulette

The governor will receive no golden Glades grown corn for manna menus. Now the story of the withdrawal of the corn can be told or at least I'm telling it.

There lives on Chosen banks a pioneer farmer known to all as Dick LeFils. Now LeFils joined the civic delegation which recently made an appearance before the Internal Improvement Board in Tallahassee on behalf of the city in the quest for port land.

## THE COLONEL IS BACK

HAS BEEN TO COLLEGE LARNED SUMMIT TOO!

Bill Young, Pure Oil dealer as a civilian, and Colonel Wm. C. Young in Uncle Samuel's Reserve Army, has just returned from Camp Benning, where he completed the third and last phase of a course at the Command and General Staff College conducted by Headquarters of the Third Army. Graduates of this course are qualified for Command and Staff positions at Division and higher levels.

Our present army assumes that West Point doesn't produce all the officer material and is trying to keep the boys in the reserve up-to-date by making available courses for all officers. Two-weeks courses are available over a period and are supplemented with study by correspondence, so that when the prescribed work is accomplished a man is supposed to be in working order.

Even National Guard officers are eligible for courses at Benning up to three months duration; enlisted men, also, by correspondence, at the schools there on active duty.

## Crowds View First Flower Show Here

Displays showing local plant culture and floral arrangement technique highlighted the first flower show here, themed, "Tropical Everglades."

Held in the Community Methodist Church Thursday from 3 to 9 p.m., the show was viewed by approximately 250 people by 5 yesterday evening. Display booths covered in soft gray paper led to a local point on the stage where Garden Club members had arranged an unusual patio scene. Centering the scene was a tree which displayed on the branches over thirty different types of Hibiscus. Several pieces of white wrought iron outdoor furniture completed the setting on a turf of grass.

Special awards were given to Mrs. Ivan Van Horn for winning the most first places and Mrs. R. Y. Creech, Sr. Mrs. George Farnall and Mrs. Luther Jones for placing several times. Van Horn received the tri-colored ribbon for the most perfect arrangement in the show.

Special educational exhibits of orchids displayed by Mrs. Nell Scullen and Mr. and Mrs. Williams.

## POPPY DAY POSTPONED TO APRIL 7, BY L. AUXILIARY

Poppy Day in Belle Glade, scheduled by the American Legion Auxiliary for last Saturday, was unavoidably postponed, and will be observed April 7, according to Mrs. Edith Kirkman, president.

## News of Glades Boys and Girls In The Service

room lectures, the new Marine has become well versed in such military subjects as precision drill, first aid, hygiene, and field tactics. In addition to firing the famed Garand rifle for qualification, Williams fired a .45 caliber pistol, carbine, and Browning Automatic Rifle. He also witnessed demonstration firing of the machine gun, mortar and flame thrower.

Williams enlisted in the Marine Corps on January 10, 1951. He was a recent employee of City of Belle Glade, Belle Glade, Fla., where he was employed as a fireman and radio operator.

Immediately following his "Boot Camp" graduation he was given a ten-day leave, after which he will be transferred from Parris Island to a Marine Corps unit serving on land, sea or in the air.

Henry C. Fears, Seaman Apprentice, son of Mr. and Mrs. F. Fears of Belle Glade, reported for duty on the 20th of March to the Pensacola Naval Air Station, the oldest and largest naval air station in the world.

Before reporting to the "Annapolis of the Air," Fears was (continued on Page 2)

## Glee Club Members Get High Ratings At Vocal Contest

Members of the senior high school Glee Club chorus received an excellent minus rating out of possible superior, excellent, good, average and fair gradings at the District Association contest of Florida One held at Miami Edison High School Friday and Saturday.

The local group was the only one representing a school in the "C" class, according to Miss Marian Najarian, director. The others were from "A" and "B" classes, and the competition was very stiff.

On the Friday program the local boys quartet, Clark Womack, Freddie Stevens, Kenneth Kidder, and Jerry Burr — received excellent ratings for their rendition of "Ole Ark a Movein'." They were accompanied by Marienne Womack on the piano.

Clark Womack was rated excellent for his solo, "Two Grenadiers" and the boys' ensemble members, Freddie Stevens, Kenneth Kidder, and Jerry Burr, Wanda Mackey, Joanne Tedder, Doris Norris, Patti Ingram, Ann Baldwin, Dorothy Bressler, Dorothy Kidder and Nancy Bell — sang "Capella 'We Sing Thy Praise'."

Dorothy Kidder was rated very good on her solo, "We Sing Thy Praise."

In the all school chorus (Continued on page 4)

## FIREMEN TO FURNISH DEPT. RECREATION ROOM

It dream of the local fire department is about to come true. It is going to have a recreation room.

A good start toward furnishing it was made last week when the Volunteer Firemen's Club purchased a second hand pool table, according to Assistant Fire Chief Bob Bain.

"We are going to fix up the former police station and chief's office and will begin by putting in a new concrete floor and rerouting the plumbing," Bain says. "Any furniture donations for the room will be accepted and appreciated."

Funds used to pay for the pool table came from Firemen's Club dues and fees collected by furnishing fire extinguishers.

## BAIR TO SPEAK ON RADIO AGRICULTURAL PROGRAM

Dr. Roy A. Bair will be heard over Miami's WIOD Station Sunday, 12:45 on a program sponsored by Hughes Seed Store.

Bair will be the principal speaker at the regular meeting of PTA next Monday night, 8 p.m. Mrs. R. V. Allison, High School service chairman is in charge of the program.

New officers will be elected for the coming year. Installation will be held next month, the last meeting of this year.

Mrs. D. G. Herring is chairman of the program, assisted by Mrs. R. P. Mackey, Mrs. F. C. Schoenfeld, Mrs. Barney C. Anderson, Mrs. Avery Bass, Mrs. L. L. Braddock, Mrs. Frank Collier, Mrs. M. F. Coleman, Mrs. B. J. Johns, Mrs. Charles Lutz, Mrs. J. H. McTaggart, and Mrs. N. T. Taylor.

Mrs. Warren will spend Monday holding council with the principal and teachers and will meet with the high school serving committee of PTA.

## Triple Obstacles Threaten Glades Growers This Week

Car Shortage Lingers; Labor Shortage Is Here; And Prices Drop

Growers here were confronted with a royal combination of obstacles in the spring harvest peak this week. They faced continued refrigerator car shortage although it was not as severe as it has been; a tightening labor situation it being scarce and high and a generally demoralized produce market.

The tight car condition promises to ease in the next several weeks, according to R. E. Howard, FEC commercial agent, although this week it was tighter than it has been for the last two or three.

Tightening labor shortage has been brought on by the major crop crops, which have been picked. The situation may be eased somewhat by day-to-day picking in the next few days in about two weeks when the (Continued on page 4)

## I. W. West Celebrates Thirtieth Year as Chosen Pioneer Postmaster

Chosen has its story which will vie with that of the state's "Barfoot" Mailings. The community boasts the record of I. W. West, Glades pioneer postman who began his postal career thirty years ago last Sunday.

A little before April 1, 1921, West, his wife and young daughter, Mary, will enter the untamed upper Glades coming the way the mail came. A jump ahead of his own era, West came to the rugged, fertile lands to raise cattle. He had left his home in Virginia with that purpose.

But the level lush green pastures were designs of a future pattern for the land, and West found that the wilds did not invite cattle raising.

At the request of the few residents who were Chosen at that time, he accepted the position of post master. The office was elevated on stilts on the edge of the canal about even with the site of Fritz Stevan's present home. Postal business was carried on in a room under the structure.

In a land of no roads, no telephones, no railroads and no water systems, West and his family watched the mail come and go twice or three times a week its uncertain way by canoe.

## HIGH SCHOOL GUIDANCE COUNCILOR WILL ADDRESS PTA ASSEMBLY MON. NIGHT

Mrs. Norma Warren, High School Guidance Councilor will address the PTA assembly Monday night, 8 p.m. at the regular meeting of PTA.

New officers will be elected for the coming year. Installation will be held next month, the last meeting of this year.

Mrs. D. G. Herring is chairman of the program, assisted by Mrs. R. P. Mackey, Mrs. F. C. Schoenfeld, Mrs. Barney C. Anderson, Mrs. Avery Bass, Mrs. L. L. Braddock, Mrs. Frank Collier, Mrs. M. F. Coleman, Mrs. B. J. Johns, Mrs. Charles Lutz, Mrs. J. H. McTaggart, and Mrs. N. T. Taylor.

Mrs. Warren will spend Monday holding council with the principal and teachers and will meet with the high school serving committee of PTA.

Emperor Junior I, best son of the famous Emperor bull, was taken from the Everglades Experiment Station pure blood herd last week. The valuable bull was being used at the station through the courtesy of H. O. Partin of Kissimmee.

The eight year old bull was recently sold for \$7,500 to a private purchaser. Emperor Junior IV was purchased for \$10,000 from Partin for \$10,000 but the bull died several weeks ago, and he is replacing it with Emperor Junior I.

The old Emperor is probably the most noted Brahman bull alive today, and its picture has been widely distributed on postcards.

## PROMOTIONS GIVEN LOCAL NATIONAL GUARD MEMBERS

First Sgt. J. W. Rashley, Jr., administrative assistant for Company E National Guard, announces the promotions effective April 1 of local guardsmen.

Sgt. Glen A. Carr was promoted to Sgt. Pfc. Hubert J. Anderson to Sgt. Cpl. James T. Anapua to Sgt. Cpl. Ralph E. Tillman to Sgt. Pfc. Kenneth J. Johnson to Cpl. Pfc. Johnny G. Sullivan to Cpl. Pfc. Dallas A. Touls to Cpl. Pfc. Luther Jones, Jr. to Pfc. Pvt. Ira R. Pittman to Pfc. and Pfc. Charles M. Tryon, Jr. to Pfc.

He is the oldest active printer working at his trade in the United States. In the last ten years, Newton has not been away from the office more than ten days altogether because of illness.

Almost anytime of the day or evening he might be found working at just straightening things up in the Herald shop.

## Entries Coming In For Cattle Show

Entries have already begun coming in and plans are nearly completed for the third South-eastern Florida Livestock Show here April 18-20 in the Mayo Pavilion, H. L. Speer, assistant county agent.

The show is open to entries from adults, Future Farmer and 4-H boys of eleven south Florida counties.

"Our sights are set for a larger and more complete show than that of last year," Speer says. "There will be better type Angus and White Faced Herefords displayed this year and a nice grade of Santa Gertrudis."

## WATER PLANT OPERATORS THROOP AND LAMB GET "C" CERTIFICATES

Clarence Throop, local water plant superintendent, and J. T. Lamb, chief operator, were among approximately 150 water plant operators from all over the state in attendance at the short course at the University of Florida in Gainesville Monday through Saturday.

Both operators qualified through examinations for their "C" operator certificates.

Two courses — radio activity and atomic energy and water sewage — were combined in the short course designed to work out water plant problems. The first part of the course furnished war time emergency information for state operators, according to Throop.

## Herald Printer Celebrates 81st Birthday Thursday

He is the grand old man of the Herald print shop, and the fact that John Fraser Newton has celebrated 81 years of age Thursday was a day to be remembered.

He is the oldest active printer working at his trade in the United States. In the last ten years, Newton has not been away from the office more than ten days altogether because of illness.

Almost anytime of the day or evening he might be found working at just straightening things up in the Herald shop.

## MRS. SALO SPITALNIK DIES OF HEART ATTACK

Mrs. Salo Spitalnik, a proprietor of Spitalnik Bros. Store on Avenue A, died from a heart attack recently in her apartment in the Edwin Best home on W. Ave. B.

She was preparing breakfast for her husband who had been suffering from a heart condition for two weeks when she collapsed.

The Spitalniks opened a store here 12 years ago, returned to their home in Miami and returned to reopen the store here two years ago. The daughter, Miss Linda Spitalnik of Miami, is now in charge of the store.

Mr. Spitalnik was taken to the Memorial Hospital for treatment following his wife's death. He and the daughter are the only survivors.

## Senior Class Cast Members Delight Audience In Farce, "Brides To Burn"

High school senior cast members of the comedy farce "Brides To Burn," under the direction of Miss Jean Martin, gave an award performance and kept a full audience laughing a week ago Thursday night in the auditorium.

Marlene Walker in the supporting role of Sapollia Puffs, furnished spectators many chuckles as she displayed a careless mood in every action as the comical house maid.

She shared the comedy spotlight with Frederic Stevens and Charles Newman in their hilarious dual portrayals of a Mexican senorita and an African princess respectively. Ross Wonne, a footstock, the reluctant butler, and Broward Lott as Dr. Jonsky, the rough and ready dentist, completed the comedy cast with their brief appearances which prompted audience roars.

Margene Mathewson in the lead drew sympathetic attention as the unwilling victim of a domineering mother with wedding plans. The female and male leads were shared by Prutis, a college student work-

## MILLIE NASH, WINNER OF SPELLING CONTEST

Mississippi without missing an "s", and she proved it Tuesday in a Belle Glade School spelling contest. Jeanne Crews, from the sixth grade, was runner-up.

The two preliminary winners will take part in the county contest in West Palm Beach Saturday accompanied by Miss Kathleen Rogers.

Winners of the county contest will be eligible for the state contest.

Speller representatives in the local contest were: fourth grade, Mary Helen Wheeler, J. D. Michael; fifth grade, Dolores Robbins, Alva Wallis; sixth grade, Johnny Thorne, Jeanne Crews, seventh grade, Shirley Billiter, Betty Ann Wicks, Mary Oliver; eighth, Jeanette Friedheim and Millie Nash.

## RDB To Open Drive For Members Tues.

The Palm Beach County Resources and Development Board membership drive will begin here Tuesday and continue until the end of the month. The drive is being conducted by the county in the past. Emmet Roberts says. "Yet the Glades committee have not always assumed a proportionate share of its support, failing to make quotas in recent years."

Since the organization has been endorsed by the local government, Roberts urges everyone to rally to its support, for it has benefited the Glades greatly.

The organization offers assistance in emergencies such as flood period of the Everglades, the RDB has effectively in obtaining favorable legislation in Tallahassee and serves as a clearing house for collective action.

Publicizing the farming area of the Everglades, the RDB has sponsored hundreds of talks on the section throughout Florida, has distributed thousands of folders entitled, "Everglades Farming in Palm Beach County."

The list of projects accomplished since the RDB was organized include: resurfacing the road from South Bay to Clewiston; action on replacing the bridge on Six Mile Road; the establishment of the Glades Livestock Market; procurement of land for the Everglades Experiment Station; cooperation in elimination of hyacinth in major canals; and work done for the 1948-49 flood control project.

Directors point out that the organization is constantly working (continued on Page 2)

## PAR-TEE LINE

The Country Club of the Everglades

Belle Glade golfers lost the return match with Clewiston on the course there last Sunday 8 to 18, according to Pro Joe Ziemann.

Even though the nine local teams of men golfers broke no record at the match and barbecue supper, Mrs. Jerry McKee did. She set a high quota at the supper for local corn eating.

She was to be congratulated for polished off ten ears, reports say, topping the personal record of nine held by Harold Rabin. The match was in the minds of the public at present is, "Is Rabin going to be out done by the weaker sex?"

The regular Community Youth Center program tonight is scheduled as usual. Glades Dry Cleaners will sponsor the juke box.

## Draft Registrants Must Take A Test If College Is Aim

Qualification Test Set Up For May 26, June 16 And June 30th

You may be a freshman, or you may be pursuing post-graduate work — in either case you must take the Selective Service College Qualification Test, if you want to continue your college education.

If you are a high school graduate, you can't take the examination until you have entered the college.

You cannot take the examination but one time! You must make application for permission to take the exam, receive permission, and then take the test.

If you're under 26 years of age, and want a statement to attend college, you must take the test, but the test will not be the sole basis of deferment, as the college grades will also be used by your local draft board in considering your deferment.

You must be satisfactorily pursuing a four-year course leading to a degree, and you must be in a four-year college, but entire course must be satisfactory for transfer of credits to a degree-granting institution.

You will be fingerprinted, and if you are caught receiving or giving assistance, or using any other aids, bingo, cut you go on your neck and your draft board is notified — you can't take the exam.

You gotta bring a No. 2 pencil or pen, your ticket of admission and an official document showing your selective service number and the designation and address of your local board.

You will begin at 8:30 a. m. (continued on Page 2)

## FRIEDHEIM RECOVERING FROM MAJOR OPERATION

Joe Friedheim is recuperating. The St. Mary's Hospital in West Palm Beach where he underwent a major operation last Saturday.

Dr. J. Harris, physician in charge, reported that no complications followed the operation. Friedheim was allowed to leave Thursday for the first time.

Friends have been visiting him at the hospital where he has been recovering for several weeks, Mrs. Friedheim reports.

## Meeting of FEC Veterinary Medical Association Held At C. W. Kidder Home Here

Dr. and Mrs. C. W. Kidder were hosts at an outdoor barbecue last Saturday night preceding the regular monthly meeting of the Florida East Coast Veterinary Medical Association held at their home on Pahoek Road.

Present were: Dr. John Wells, Dr. D. L. Litch, Dr. D. Knowles, Dr. D. L. Litch, all of West Palm Beach; Dr. and Mrs. R. L. Riedel of Fort Pierce; Dr. and Mrs. W. Kidder, Mr. and Mrs. W. P. Hill, Jr., and Mr. W. P. Hill, Sr., of Belle Glade.

The label of well done is attached to the performance of the Everglades Experiment Station, cooperation in elimination of hyacinth in major canals; and work done for the 1948-49 flood control project.

Directors point out that the organization is constantly working (continued on Page 2)

By Betty Jo Beardon as Sueing her way as a part time maid.

Roland Whitlock became Gilroy Garfield Gaudin, masculine romantic lead, in appearance and actions as he wooed the bewildered sought after male in every delirious.

The label of well done is attached to the performance of the Everglades Experiment Station, cooperation in elimination of hyacinth in major canals; and work done for the 1948-49 flood control project.

Directors point out that the organization is constantly working (continued on Page 2)

## Social Happenings

Mr. and Mrs. Ronald C. Snyder and two children left recently to make their home in Batavia, New York. Mr. Snyder former bookkeeper at Pioneer Motors, is being replaced by Mrs. Mildred Hall, who was formerly ticket agent at Pioneer and will now serve in both capacities.

Mrs. N. T. Taylor was released from Good Samaritan Hospital Monday and returned home where she is still confined to her bed.

Mr. and Mrs. R. W. Kidder spent Tuesday and Wednesday in Lakeland visiting their daughter, Mary Eleanor who was honored at Tuesday night ceremonies of Florida Southern College for having a high scholastic average.

Miss Ruth Hodson of Louisville, Kentucky was a guest last week of Mr. and Mrs. J. M. Zumph.

Miss Mary Loveland resigned from her duties at Belle Glade Hospital and joined the nursing staff at the new Clevelston Hospital, beginning her duties there Monday.

Mrs. T. L. Higgins from Fletcher, Ohio is a guest of Rev. and Mrs. P. E. Nelson.

Mr. and Mrs. Forest Scarlott of Miami spent last week-end with Mr. and Mrs. H. Collins.

Mr. and Mrs. Herman Clark and children visited their parents, Mr. and Mrs. T. J. McGloin, in Sanford last week-end.

Mrs. James H. Koffman, Sr., left Tuesday for her home in Trenton, Tennessee, following a two months' visit with her son and family. Mr. and Mrs. James H. Koffman, Jr., in Northmoor subdivision.

Mrs. Frank Stimpson of Knoxville, Tennessee, formerly of Belle Glade, is visiting local friends and is the guest of Mr. and Mrs. Walter Schlechter and Mr. and Mrs. Fritz Stein.

**BIRTHDAY PARTY GIVEN FOR JANIE KIRCHMAN**

Janie Kirchman celebrated her eighth birthday with a party given by her mother at their home last Friday.

Mrs. Kirchman was assisted by Mrs. Frank Kruse, Claudia

Phelan and Arlene Kirchman in entertaining the following children: David Spooner, Alvin Schlechter, Jackie Hooker, Margo Averill, Bobbie and Janet Ruth Kirchman, Mary Ann Tillery, Sue Ellen Jones, Sandra Dras, Linda Goforth, Linda Evans, Doris Zeiman, Danny Hayes, Frankie Kruse, Doris Muller, Ellen Lindner, Jean Kirchman, Brooks and Eddie Whitlock and Ronnie and Archie Kirchman.

**BENJIE JEANNE FRUITT REVEALS WEDDING PLANS**

April 14 is the date set for the marriage of Miss Bennie Jeanne Fruitt, daughter of Mr. and Mrs. A. J. Pruitt, of Belle Glade to Sidney Lee Broughton, son of Mrs. Don Williams, Clevelston and Mr. Dorsey Broughton of Gainesville.

Miss Betty Jo Bearden will be maid of honor. Bridesmaids will be Faye Swanson and Kathryn Cook, and little Betty Jo Pruitt, cousin of the bride-to-be will serve as flower girl. Teddy Rae Fruitt will be ring bearer.

Floyd Lee Taylor will be best man. Serving as ushers will be Robert Mallender and Roy Weaver. All three are fellow students of the groom at Florida Southern College.

Music will be provided by Charles Seaton, soloist, and Marianne Womack, organist.

The ceremony will be performed at the Community Methodist Church followed by a reception at Community Clubhouse. All friends of the couple are invited to attend.

The bride-elect graduated from Belle Glade High School with the class of 1950. She was class secretary for four years and received the award for best athlete. For the past year she has been employed with Southern Bell Telephone Company.

Mr. Broughton graduated from Fort Myers High School in 1947. He served 18 months in the armed forces, during which time he was stationed in Alaska. He will graduate from Florida Southern College, Lakeland, where he is majoring in education. At present he is doing intern teaching at New Port Richie.

**NEW MEMBERS HONORED AT WOMAN'S CLUB TEA**

A devotional using the subject "The Bride," was given by Mrs. Wade Griffin preceding a program entitled "Dreams" which was featured at Mrs. Wednesday afternoon meeting of the Woman's Club.

Brides of the past, present and future were introduced by Mrs. J. T. Boynton of Pahokee. Entering to the strains of the traditional wedding march played by Mrs. S. K. Smith, Jr., Mrs. John Hooker, modeled the 1913 wedding gown of Mrs. W. R. Hooker; Mrs. W. C. Bamford portrayed the bride of 1923, wearing Mrs. Thomas Breger's wedding gown; Mrs. B. B. Weeks modeled Mrs. E. A. McCabe's gown of 1938, and Mrs. Guy Wood appeared wearing the 1942 wedding gown of Mrs. Elizabeth Inslee.

Two vocal solos, "Through the Year," and "Sweet Voice" by Miss Jean Martin carried out the theme of the procession. The bride of 1950 featured Mrs. J. H. Maynor wearing her own wedding gown while Miss Ouida Lanier depicted the bride of the future.

A tea honoring new members preceded the program with table decorations in keeping with the wedding theme. Mrs. Chris Figueroa served the punch.

Guests present included: Mrs. A. L. Pope and Mrs. H. G. Boynton, Canal Point; Mrs. Max Beverly and Mrs. J. T. Boynton, Pahokee; Mrs. S. W. Wright, Mrs. R. T. B. B. Douglas, Matthews; Mrs. V. W. Riedel, Mrs. R. S. Wilkinson, Mrs. Raymond Webster, Mrs. Anna Keene, Mrs. H. J. Howington, Mrs. Hattie Brooks, Mrs. T. R. Rushing, and Mrs. Jack Rabin.

President, Mrs. E. D. Humphries announced, during a brief business session, the Woman's Club Federation meeting to be held in Pahokee May 8. She also announced the nominating committee, Mrs. C. R. Townsend, Mrs. George Royals and Mrs. H. D. Beck. Installation ceremonies will be held at the Community Club house with a potluck luncheon in Paradise Park. The program will be in charge of Mrs. J. R. Faulk.

**LOCAL TEACHERS ATTEND FEA CONVENTION, TAMPA**

High School Principals, Frank Hobson, Belle Glade, Clyde Canipe, Pahokee and Larry Welden, Clevelston, attended the Florida Educational Association's Annual Conven-

tion in Tampa last week-end. Elementary Principal, Mrs. Anna Keene also attended and visited her mother, Mrs. B. K. Keck in Orlando.

Local teachers who were delegates included Miss Kathleen Rogers and Miss Sarah Dugas for Belle Glade, and Mrs. Editha Eckman for South Bay.

During their stay Miss Rogers visited her parents in Lakeland. Miss Dugas visited Mrs. Lucille Tucker in Tampa and Mrs. Eckman was a guest of Mr. and Mrs. Jack Sisley in Tampa.

**METHODIST CLASSES HAVE POTLUCK SUPPER MONDAY**

Bethany Sunday School Class entertained the Men's Bible Class and Tri-F class with a potluck supper Monday night at Community Methodist Church.

Mrs. W. R. Hooker, Mrs. D. R. Kemper, Mrs. R. W. Kidder and Mrs. Hardy Taylor were in charge of arrangements and serving.

Mrs. D. R. Kemper, Bethany Church, welcomed the guests and was in charge of games played following dinner.

Attending were: Mr. and Mrs. F. C. Schoenfeld, Mr. and Mrs. M. Morris, Mr. and Mrs. H. L. Royals, Mrs. J. W. Bayliss, Mr. and Mrs. John Schoenfeld, Mr. Frank Hobson, Mrs. W. D. Matthews, Mr. H. O. Warlton, Mr. and Mrs. R. P. Mackey, Mr. and Mrs. R. W. Kidder, Mrs. D. R. Kemper, Mrs. Walter Hooker, Mr. and Mrs. D. C. Dehaven, Mr. S. K. Smith, Sr., Dr. and Mrs. C. W. Kidder, Mr. and Mrs. George O'Bar, Rev. and Mrs. L. P. Vanderwater, Mr. and Mrs. R. S. Burr, Mr. and Mrs. H. J. Bratley, Mr. and Mrs. Hardy Taylor, Miss Eva Sue Bayliss, Mrs. J. M. Gledhill, Mrs. R. V. Allison, Mrs. D. E. Timmons and Mrs. Aubrey Arnold.

Mrs. W. A. Acree and Mrs. R. L. Arnold visited last week-end in Frostproof and Lakeland.

**HOME MEETINGS HELD BY PRESBYTERIAN CIRCLES**

The First Circle of the Presbyterian Church held their regular meeting Tuesday night at the home of Mrs. Tom Watson.

Miss Ann Kirchman gave the devotionals. The Bible Study, "You Cannot Break the Ten Commandments," was given by Mrs. Clara Gledhill.

Mrs. Edward Thompson had charge of the program dealing with Christian Education.

Nine members attended. Circle Two met at the home of Mrs. Lawrence Bessent.

Devotionals were led by Mrs. William Cridder and Bible Study given by Mrs. W. K. Whitlock. Mrs. Doyle Smith was in charge of the program.

A new member, Mrs. Basil Cook, was enrolled.

Twelve members and one visitor were present.

**POLAND INSTALLS NEW LODGE OFFICERS HERE**

Elks District Deputy W. E. Poland, Jr., West Palm Beach, installed newly elected officers of the local lodge at the regular Monday night meeting.

Installed were: James Baldwin, exalted ruler; R. Y. Creech, Jr., leading knitter; C. D. Dooley, loyal knight; Clyde L. Clayton, Jr., lecturer; Fred A. Simmons, secretary; Mr. Sabiston, treasurer; E. C. Cowart, tiler; James Ball, five year trustee; Joe L. Murphy, three year trustee; August Kirchman, esquire; Emmett S. Roberts, chaplain; Roy A. Blair, inner guard and Alfred Creech, organist.

A fish fry supper is planned Saturday night at 7:30 at the lodge for members, wives and guests, according to Fred Simmons, secretary.

**BIRTH ANNOUNCEMENTS**

Mr. and Mrs. Roy Norman of Belle Glade announce the birth of a son, March 28, at Everglades Memorial Hospital in Pahokee. This is the Norman's eighth child.

Mr. and Mrs. H. W. Lowery of South Bay announce the birth of a son, Steve Richard, March 24, at Belle Glade Memorial Hospital. Mrs. Lowery is the former Judith Jean Ziegler.

Mr. and Mrs. R. G. Shurency of Clevelston announce the birth on March 27 of a daughter, Sandra Lee, at the local hospital. Mrs. Shurency was formerly Miss Pearl Andrews.

Mr. and Mrs. H. E. Cornette (Clara Haves) of Clevelston announce the birth of a son at Belle Glade Hospital April 1st.

Mr. and Mrs. E. H. Fiedler announce the birth of a daughter, Karen Jo Ann, March 29, at the Belle Glade Memorial Hospital. Mrs. Fiedler is the former Francis Evelyn Daugherty of Fort Ogden.

Miss Mary Marguerite Campbell whose engagement to Mr. Webber Van Hudson, son of Mrs. Annie Hudson of West Point, Georgia was recently announced by her parents, Mr. and Mrs. Milton L. Campbell of Crestview, Florida. The Campbells were former Belle Glade residents.

The wedding will be held June 8, in the First Methodist Church of Crestview.

**MARRIED 63 YEARS, SCHOENFELDS OBSERVE WEDDING ANNIVERSARY**

Tomorrow (April 7) marks the 63rd wedding anniversary of Mr. and Mrs. Henry Schoenfeld.

The occasion will be observed with a dinner at their home, 209 S. W. First Street, with their family, Mr. and Mrs. John Schoenfeld and children.

Mr. and Mrs. F. C. Schoenfeld and boys, and Mrs. Stella Bayliss present.

**KNAPP SHOES FOR MEN Phone 9149**

**A BONNIE LOT OF THRIFTY Buys**

**In This Bargain Parade**

## Subscribers Asked To Check Date On Paper When Due

Cost of Newspaper Is  
Forcing Editor To Stop  
Sending Overdue Papers

Every week when the Herald is mailed to subscribers, we use a hand mailing machine, that deposits a small strip of glued paper to each newspaper. After a paper has been sent out, this small strip of paper contains both the name and the expiration date of the subscriber. After a paper has been expired, the normal policy of bigger metropolitan daily newspapers is to stop sending that particular paper until the subscriber pays his subscription in advance.

This is not so with the smaller weeklies. There is a greater personal feeling between the editor of a weekly and his subscribers than exists in the bigger cities where the editor hardly knows one or more of his subscribers personally.

For this reason the weekly newspapers continue to send out their papers even when the subscription is two months past due.

The easiest way to tell when your subscription will expire is to note the figures following

your name on the small strip glued to your paper. If, for example, it reads "Jones, A. G. 1-51" your paper expired on the last day of January, 1951 and should be renewed if you wish to continue it.

Remember to check that date on your paper. If your son, brother or husband is in the service, he receives the Herald free of charge and there is no need to renew his paper for him.

Fla. Manufacturing Keeps  
Pace With State Development

Although Florida is not commonly regarded as a primary industrial area, manufacturing here has progressed rapidly in keeping with the development of the State and the nation, and Florida's industrial future looks mighty healthy.

That's the latest word from the Bureau of Economic and Business Research of the College of Business Administration at the University of Florida which has issued a brand-new "Short Report on Florida Manufacturing."

Designed to present in easy, readable graphic format some of the principal findings of research dealing with Florida's industrial development in the past and present, the booklet emphasizes that Florida's manufacturing has kept pace with American industrial expansion.

The report is a preliminary to the publication of detailed studies in this field.

Florida's paper and pulp and food, fruit and vegetable industries have made the most sensational gains and other large industries growing significantly are ship and boat construction, and printing and publishing.

Although some important industries such as millwork, sawmills, cigars, gum, naval stores and railroad equipment have declined, the booklet points out that the Florida manufacturing pattern now features the "emergence or growth of many types of industry."

The State's production from its own natural resources has risen for many products suitable for processing, but the Bureau explains that since many Florida industries are so dependent upon proximity to raw materials, a high output of these is one basic condition of manufacturing growth.

Florida's industrial future appears bright for a number of reasons such as the tremendous growth in population and markets, the increase in capital expenditure for plants and equipment, and the national trend which finds more and more industries locating in the south and west.

The booklet may be obtained free of charge and request should be addressed to the Bureau of Economic and Business Research, College of Business Administration, University of Florida, Gainesville.

## The No Squeeze Way Is Child's Play

No excuse any more for not getting your glassful of orange juice every morning—they've even taken the squeezing out of this daily well-qualified with Florida frozen orange juice concentrate, a home handy breakfast treat. Packed in 6-ounce cans which fit neatly into freezing compartments, the concentrates offer peak flavor plus convenience. The 6-ounce cans of the frozen highly concentrated juice, you add 18 ounces of water and stir well just before serving. Best of content of the concentrate. With new processing methods, all the Vitamin C which has made citrus our most prized and most generous food crop (as well as our biggest), is sealed into the sterile little cans so that we may enjoy it every day, regardless of season or geography.

## RELIGIOUS LEADERS OF YOUTH TO MEET APRIL 12

Although the nations seem to be divided into two worlds, leaders of church children's work in Florida will meet in Jacksonville April 12 and 13 for a conference on the theme "Learning with Children to Live as Christians in One World."

Scheduled to begin at 10 a.m. Thursday, April 12, the conference, one of 35 to be held throughout the nation this year, will be held at the Springfield Presbyterian Church, 6th and Silver Streets.

Local church directors of Christian education, weekday, vacation and Sunday school workers, parents, pastors, community agency workers, and area directors of Christian education and children's work will attend.

Addresses, discussions, exhibits, worship, and a festival celebration of the 50th anniversary of the vacation church school movement will focus on the conference purposes.

(1) To consider how the Christian faith provides a foundation for living in one world.

(2) To improve Christian teaching so that persons will live as brothers in one world. Findings of the 1950 International Children's Work Conference held at Toronto, Canada, will form the basis of discussion. The Jacksonville conference is sponsored by the Florida Council of Churches and the National Council of Churches. Rev. George A. Foster, of Ocala, Fla., is president of the Florida Council.

## IT'S WISE TO FOLLOW DIRECTIONS IN USING PESTICIDE MATERIALS

Most insecticides and fungicides on the market today can be used safely if they are used properly, but serious consequences may result from using some of them carelessly.

Some, such as parathion and ethylene dibromide, are more poisonous than others to humans and animals, and extraordinary care should be exercised in their use. In varying degrees to humans, and for this reason anyone who uses an insecticide or fungicide should follow directions of the

advises specific precautions such as wearing a mask or gloves, the wise thing for the user to do is to heed the warning and follow the advice. He may get into trouble if he does not.

A good policy for everyone who uses a pesticide to follow is to read the label on the package carefully and then use it according to directions. If he does this, he will get maximum results and also avoid injury or illness to himself and possibly others.

## DRIVER'S LICENSE, GOOD INVESTMENT, SAYS FHP

"The comparatively small fee paid for a driver's license is a good investment in safety, and the cheapest life insurance available."

"No one receives more service and protection than does the driver when he purchases his operator's license."

"The work of the individual Florida Highway patrolman has increased with the passing of each day until it is doubled that of a year ago. The members of the uniformed division of the Patrol are now on active duty for twelve hours a day and are subject to call the remaining twelve. It is impossible for him to prevent accidents by constantly being on duty at all hours of the day and night. We cannot expect him to be alert under those conditions, and our reason tells us that the patrolman's health is endangered by the heavy responsibilities placed on him. Now with the increasing flow of traffic and more improved roads, the public is expecting the State Highway Patrol to do even more."

"It is necessary, too, for the patrol radio stations to be in service on a round-the-clock basis. We are far short of the personnel required for such service. A round-the-clock schedule is not only needed for the patrol

but is necessary to assist other law enforcement agencies and the motoring public. While the patrol stations are on active service most of the day and night there is a period of a few hours when the radio activities cease except for emergency calls. The public looks to the patrol to keep the radio station ready for instant use at all times."

Florida Caverns State Park, Marianna - Tour through electrically lighted underground caverns.

## CARD OF THANKS

We wish to express our deep appreciation for the many kindnesses extended to us in our bereavement in the loss of our beloved father, Edward J. Cooper, for the many lovely floral offerings and unfailing courtesy of the police escorts in South Bay, Belle Glade and West Palm Beach.

Mrs. and Mrs. R. T. Cooper

## SINUSITIS

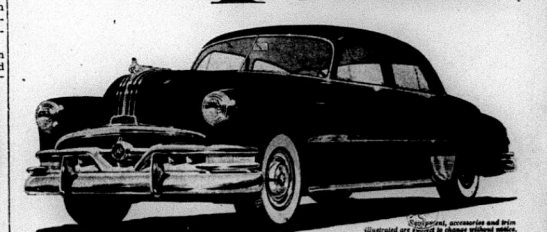

The sinuses are hollow cavities in the bones of the head and face which are filled with air. They decrease the weight of the head and also offer space through which incoming air may circulate and be warmed and moistened. These hollows are connected with the nostrils by small openings and inflammation of the nose may close the sinuses, interfering with drainage and trapping air in the cavity. The chief causes of sinus trouble are infections of the nose, throat and throat such as the common cold, influenza, measles, scarlet fever, whooping cough, and diphtheria. The pain in sinus infection is usually due to the swelling and closure of the sinus outlet. This pain may sometimes be relieved by putting a hot water bottle, hot wet pads, or an electric pad over the inflamed part. In more severe cases even medical treatment fails to cure sinusitis and an operation becomes necessary to open and drain the sinuses. Improperly blowing the nose by holding one side can force infection up into the sinuses. In blowing the nose violently, hold the nose at the bridge and blow through both sides. The frequent use of sprays, oils, and ointments in the nose may irritate the mucous membrane and cause sinus trouble.

Symptoms of sinus disorder usually include a headache or pain over the inflamed sinus in the morning which passes off later in the day. There may be pain in the cheeks, upper teeth, or elsewhere in the face. The discharge may be watery or tender to pressure. The nose may become dry and clogged due to the swollen membrane and to lack of drainage.

A stuffy nose is not necessarily a sign of sinusitis; but if you have sinusitis you need proper medical care. Because the lining of the nose and its general makeup is sensitive, a person would be wise to refrain from the use of marketed "cure-all" ointments recommended by a physician.

## St. Johns First Baptist Church

Mrs. Estelle M. Cuyers, Reporter  
Rev. J. H. Adams, Pastor

Sunday school was opened at 9:40 a. m. with Supt. Shelby Pouncey presiding. Subject of the lesson was "The Creation" found in Genesis 1. Catching of the lesson was done by Rev. A. Austin.

Morning worship service was conducted by Dea. E. J. Jackson. The Senior choir rendered the song service. Report of the Herald was followed by the meditation period. Scripture lesson was presented by the pastor and congregation hymns by the choir and congregation. The pastor preached on "The Advantages of Justification." This sermon was helpful to all of us who came to the morning service.

At 4:15 p. m. the city wide Y. W. A. met in a joint session at the St. John First Baptist church, with Sis. Susie A. O'Neal presiding. Devotional was given by Sis. P. Wilson. Sis. T. Fields was in charge of the program.

At 7:30 p. m. a spiritual devotional service was conducted by Sis. C. Stephen and Sis. A. Felder.

The Lord's supper was administered to members and friends at the evening service. The St. John First Baptist Church of this area invites you to attend church Sunday.

## New Bethel Baptist Church

Rev. W. Porter, Pastor

Sunday school was opened at 9:30 with Supt. Sandy Kendall in charge. Sermon topic Sunday morning was "God's Wonderful Creation." Summary of the lesson was given by the Superintendent. Attendance was good, and Class One kept the offering banner.

At 3 p. m. the city wide Y. W. A. met at St. John's First Baptist Church. At 2 p. m. the usher board met with acting

president Lonias Taswell in charge. The B. Y. P. U. met with President Ogie Bell Love in charge at 6 in the evening.

Friday night is the church's general business meeting night. The pastor urges all members to be present. Pastor and members of the New Bethel Baptist church extend a cordial welcome to worship each Sunday.

## FHA Encourages Family Type Farm Housing Loans

"A major portion of the loans made through the Farmers Home Administration today are being used to help farm families readjust their work to changing conditions and veterans and other young farmers to become established in agriculture," according to Mr. John S. Stewart, County Supervisor.

"Farmers Home Administration loans tend to encourage the family-type farm as the base of American agriculture; the agency discourages seasonal lending where poor farming methods might be perpetuated," he continued.

"Farm housing loans provided by the Federal Government through the Farmers Home Administration in Lake Worth are made to farm owners of the Palm Beach and Martin Counties who are unable to get suitable financing elsewhere for construction and repair of farm dwellings and other buildings. These loans are intended to support a continuing volume of farm housing construction and repairs of dwellings and other buildings."

"Federal Government aid in rural communities is intended to cope with housing problems that private enterprise is unable to meet."

The Farmers Home Administration standards for construction, site and location, utilities, and community facilities have contributed improved standards of farm housing and rural development for the farmer throughout the Nation.

What the rural housing consumer is primarily interested in is how the Government can assist him with his own housing problems. Rural farm housing

loans are designed to assist farmers, particularly veterans, in solving their housing problems by making available reasonable credit and supervision of construction and repairs," he said.

Mr. Stewart will furnish information on farm housing loan, technical advice and farm house plans upon communication with him at the office of the Farmers Home Administration in the Civic Auditorium in Lake Worth.

## FLA. POWER & LIGHT TO INSTALL MOST POWERFUL GENERATOR IN STATE

The most powerful electric generator ever installed in Florida will be added soon to the Cutler plant of Florida Power & Light Company, according to an announcement by McGeorge Smith, company president.

Capable of producing 75,000 kilowatts, it can supply the needs of a community of more than a quarter of a million people.

"Although the point is barely dry on our new Cutler plant, completed in 1949, we plan to practically treble its capability because we are confident of Florida's continued growth," Smith declared.

"The combination of Florida's wonderful climate and her expanding industrial, agricultural and business opportunities, were responsible for its 46% population increase during the past 10 years. Economic and engineering studies enabled us to plan ahead to meet this growth. Since V-J Day we have built three new plants and enlarged four others, more than doubling our system's generating capability," he added.

"Last year this company completed an addition to its Sarasota plant, a new plant in Palatka will be completed this Fall, and the Cutler addition is scheduled for operation late in 1952."

## CHRYSLER TO SET PACE IN INDIANAPOLIS '50'

For the fourth time in a quarter-century a Chrysler has been chosen to set the pace this year for the start of the 500-Mile Automobile Race to be held on Memorial Day, May 30, over the famous brick and asphalt course at Indianapolis.

D. A. Wallace, president of Chrysler Division of Chrysler Corporation, will be at the wheel of the New Yorker Model that has been chosen for the task of shepherding the mightiest fleet of racing cars ever assembled as it roars around the historic 2½ mile racetrack at the start of the marathon.

The Chrysler, equipped with the new V-8 "Firepower" engine that was unveiled only this year as the most powerful motor (180 hp) in any American passenger car, also will carry Wilbur Shaw, three time winner of the racing classic and now president and general manager of the Indianapolis Motor Speedway, who will assist in keeping the impatient speedsters in an orderly procession as they approach the starting line.

**HELPING BUILD FLORIDA**—Famed for its scenic beauty, Florida Power & Light Company's recently completed 80,000-kilowatt plant at Cutler will be enlarged by a 75,000-kilowatt generator as part of the utility's \$108,000,000 expansion program looking ahead to Florida's future electric needs. Completion of new addition will make Cutler the most powerful electric generating plant in the state.

line of more than 100 miles an hour.

Actually, because of the wartime cancellations of the race in '42, '43, '44 and '45, this will mark the fourth time in twenty one races that the track management has conferred the honor and its high responsibility on a Chrysler. In 1926, when Chrysler Corporation was a three-year-old industrial infant, the honor came for the first time. It was repeated in 1933 and again in 1941. Each time the Chrysler got the field way to a faultless start.

The task performed by the earlier Chryslers, however, pales in contrast to the ticklish job assigned to this year's model. Mr. Shaw, in announcing the selection, said that early indications this year were that the slowest car in the race would have to have a qualifying speed of at least 133 mph.

Advance ticket sales and hotel reservations for the 1951 race are the greatest in the history of the event. Speedway officials report, indicating that a crowd of more than 150,000 will witness the grind.

## Health TOPICS

### POISONOUS SNAKES

POISONOUS snakes are found everywhere in the United States. They are abundant in some areas and extremely rare in others. You can learn to recognize them either by meeting them head on, or — and this is the better method — by learning all you can about snakes, studying illustrations and descriptions of types which live near you.

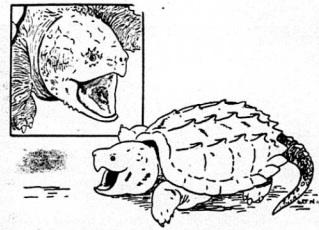

The rattlesnake, the cottonmouth moccasin, the copperhead and the coral snake are the only kinds of poisonous snakes found in this country. All of these snakes have distinctive markings and the 25 varieties of the rattlesnake have the characteristic tail-ankle usually given before they strike. Most of the poisonous snakes strike people only as self defense. Unless they are frightened or surprised, these snakes generally try to make away quietly to avoid injury. However, some snakes lie in or beside a path waiting for their natural prey. If a person comes too close, the snake may strike him.

Sixty per cent of all snake bites are on the feet and lower legs and most of the others occur on the hands and forearms. Only about one per cent are on the trunk or head. It is necessary to take special precautions in areas which may be snake-infested. Watch where you step, where you place your hands, and where you sit down. Take extreme care when picking berries or flowers. Wearing high boots and gaiters in the field will protect you against most snake bites.

If you are bitten by a snake, call a doctor of medicine immediately. Children are even more susceptible to snake bite poison than adults. If you expect to go into snake-infested areas located a long way from a doctor, consult your physician for advice on first aid treatment for snake bite. If you are well-informed, effective emergency treatment can be given either at the scene of the accident or while en route to a hospital or doctor.

Gerónimo, Apache Indian hero, was imprisoned at Fort Pickens, from October, 1886 until May, 1888.

## ALLIGATOR SNAPPING TURTLE

The alligator snapping turtle is the largest freshwater turtle in the world, reaching a weight of 150 pounds. It is fairly common in the Suwannee and other rivers of northwestern Florida. This unusual turtle hides in the mud on the bottom of a stream, and opens its mouth to disclose a wiggling, worm-like appendage on its tongue. Fish are deceived by the "bait," and swim into the turtle's jaws, which then snap shut. The turtle catches much of its food in this manner.

## PLAN CRACKDOWN ON SHADY CLAIMS FOR LIVESTOCK MINERALS

Federal drug-law enforcement officials are going to make it tough on people who try to sell minerals as a cure for infectious diseases of livestock.

Dr. H. E. Moskey, chief veterinarian of the Federal Food and Drug Administration, said that agents of that organization are "investigating interstate shipments of such products with seizure actions and criminal prosecutions in view."

Writing in The North American Veterinarian, Dr. Moskey said there is no sound, scientific basis for the rapidly spreading propaganda that trace-mineral elements are of value in preventing or treating mastitis and brucellosis of cattle — or any other infectious animal disease.

## Call to Action

**HAVE** you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action:

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflow Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

Two in HENRY J. TAYLOR, ABC Network, every Monday evening.

# SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. Maude Hartline of Del Ray spent the week with her son and his wife, Postmaster and Mrs. Eric D. Hartline.

Mrs. Ellis Blanchard and son Freddie of Tampa spent the week with her mother, Mrs. Cora Marlowe, Mrs. Blanchard, her mother, Sarah Blanchard, and his son Harvey Powers also came down for the week end.

Mr. and Mrs. Harold Ray and daughter Audrey of Cleveland were the Thursday dinner guests of Mr. and Mrs. T. L. Driggers.

Rev. and Mrs. B. A. Oswald and son Charles of Lake Wales visited old friends in South Bay the first of the week.

David Hobbs of Columbus, Ga., is visiting his aunts, Mrs. Luther Martin at Okaloosa and Mrs. Floyd Wilkin in South Bay and their families.

Mrs. B. M. Fender is a patient at the Belle Glade Hospital.

Mr. and Mrs. C. C. Hutson of West Palm Beach were the Sunday guests of Mr. and Mrs. E. M. Willy and family.

A. L. Cumpton received word of the death of his grandmother, Mrs. Henrietta V. Leonard on Sunday at her home in Indianapolis, Indiana. Funeral services were set for Wednesday.

Mrs. I. M. Davis was taken to the Belle Glade Hospital Saturday with a severe case of flu. She returned home Monday owing to the illness of her three sons.

C. W. Byrd has returned to his home at Hooker's Point from a several weeks trip to his summer home at Depp Run, North Carolina.

Mrs. Fred Cato is reported quite ill at her home.

Mrs. C. W. Byrd of Hooker's Point is a patient in the hospital at Richmond, Virginia.

Mr. and Mrs. Frank Land and son Blaine of Fort Myers were the Monday guests of her sister and brother-in-law, Mr. and Mrs. T. L. Driggers.

Mrs. A. L. Cumpton, Bob Cumpton, Joan Kent, Mrs. K. L. Lutz left last week for a visit with Miss Key Lutz in St. Louis, Missouri, Light and Mrs. Myron

H. Morse at Fort Leonard Wood, Mo., and relatives in Illinois.

Bob Cumpton, Firemen's Apprentice, will join his comrades in Tallahassee Wednesday for their trip back to their base at San Diego, California.

Mr. and Mrs. Cees Peet of Newfields, N. J., are visiting her mother, Mrs. C. J. Brown.

Mr. and Mrs. L. G. Keene and daughters Patsy and Lynda Lou of Pahokee were guests of Mr. and Mrs. A. B. Barnes Saturday.

DRIGGERS ENTERTAIN AT LAWN FISH FRY SUN.

Mr. and Mrs. T. L. Driggers of South Bay entertained the employees of the South Bay Sugar Plantation, their families and a few friends at a lawn fish fry and barbecue dinner on Easter Sunday.

Guests included Mr. and Mrs. S. L. Eckman, Mr. and Mrs. Elmer Malloy, Alfred Vadaz and Robert Stacey, all of South Bay Plantation, Mr. and Mrs. E. W. McLeod and family of South Shore Plantation, Mr. and Mrs. J. D. Stacey and family of Bryn Mawr, and Mrs. Phillip McLeod and family of Runyon, Mr. and Mrs. Walter Singletary and family of Pahokee, Miss Julia Stacey of Belle Glade, Mr. and Mrs. R. L. Watson, Mr. and Mrs. J. T. Fountain, Mr. and Mrs. Barefoot of West Palm Beach, Mr. and Mrs. Frank Land and son of Fort Myers and Anne Driggers.

CHIEF WHITE PICKS UP THREE TRUANT BOYS

Chief of Police R. C. White of South Bay picked up three teen age boys, Anthony Delella, 12, of Hialeah, Buddy Miller, 13, also of Hialeah, and Fred Parker, 15, of Miami in South Bay Thursday evening after they had been given a ride from about 20 miles south of South Bay by a passing motorist.

Upon questioning the trio it was discovered that they were truant from school. They gave the impression that they were tired of school in Miami and thought they would look over the Belle Glade Schools. On reaching Belle Glade with the three boys he found that the police in Belle Glade had received a pick up call on the missing boys whose parents had reported their absence.

The two bicycles which they had taken without leave and abandoned on the highway were brought in by Highway Patrolman Valton Sheffield and Deputy Gibb Gross and turned over to the Miami police.

People who are out for it they can get are soon in for it.

COOPER, SO. BAY PIONEER DIED IN HOME FRIDAY

Edward Jay Cooper, 83, one of the early pioneers of Okaloosa died very suddenly at his home Friday morning. He appeared to be in his usual health and had his breakfast and did up his morning work. He was visiting his daughter-in-law when without warning he dropped dead.

He was a native of DeKalb County, Illinois and first came to the Glades in 1913. Finding conditions unsuitable for farming he returned to Fort Lauderdale and again came to Okaloosa in 1914 for what he considered a store in Okaloosa up to 1941 and had the mail contract from 1922 to 1928.

He is survived by three sisters, Mrs. Frances Loring of Naperville, Ill., Mrs. Nellie Ames of Los Angeles, California, and Mrs. Belle Dever of Muncie, Indiana; two grandsons, Clarence E. Cooper of Miami, and Robert T. "Bobby" Cooper of Okaloosa; two great grandsons, Winfield Warren and David Bruce Cooper of Canton, Ohio.

Funeral services were in charge of the Berry Funeral Home at Pahokee. They were conducted Monday April 2, at the South Bay Baptist Church by the Rev. B. A. Oswald of South Bay, at 1 o'clock.

A mixed quartet composed of Edwin Best, Mr. and Mrs. C. J. White and W. W. Ferguson sang "Shall We Gather At The River" as a closing hope.

Funeral services were Carroll Warren, Milton E. Cooper, Clayton Waters, Jack White, Milton Willis, Gordon Bowen, Honorary pall bearers were J. P. Prevatt, A. B. Barnes, W. C. Allen, W. M. Jeffries, Henry Eilers, Edwin Best. Burial was at Hillcrest Cemetery in West Palm Beach.

FILE DRIVER INJURED ON JOB FOR MAXWELL

Joe Smith, negro file driver, working for Ernest Maxwell of Pahokee in South Bay, was injured and knocked to the ground by an electric power line wire last week when he went up the apparatus to make some repairs.

He forgot the electric wire and raised up under it, coming in contact with the wire. He was rushed to the Belle Glade Hospital where he is reported recovering.

TERRY BOATWRIGHT HAS BIRTHDAY PARTY FRIDAY

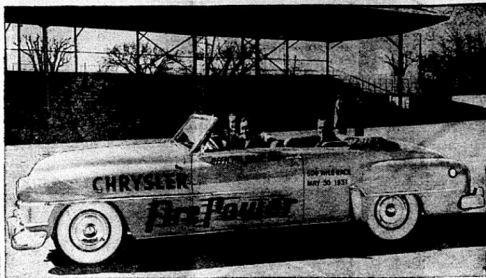

Mrs. Clinton Boatwright of South Bay complimented her son Terry on his seventh birthday party Friday afternoon. Games were provided for the amusement of the children.

Cake, jello and punch were served to Terry Boatwright, Jerry and Julia Williams, Bernice Leathlean, Juanita Fisher, Michael Willis, Joyce Cato, Jackie and Dale Teale, Jay Davis, Lucy Pearl and Zerenda Kay Kelson, Michael Roberts, Gale, Joan and June Boatwright.

SO. BAY LIONS TO BE GUESTS OF L. H. PTA

The South Bay Lions Club will be guests of the Lake Harbor Parent Teachers Association at dinner Thursday evening, April 5, at the Lake Harbor School.

# CHRYSLER TO SET PACE IN INDIANAPOLIS '500'

This is the car that will set the pace on Memorial Day for the fastest five of racing cars ever assembled. The Chrysler New Yorker Convertible, equipped with the new 180-hp V-8 "Power Engine" most powerful power plant of any passenger car, has drawn the crowds of thousands and here is shown on the track.

ROADMAN FURNITURE MOVES BUSINESS TO COUNTY ROAD

The Roadman Furniture Co. of South Bay moved into the new building on the County Road in the Roadman Farm Subdivision last week. The business is operated by Robert R. Roadman, Jr., who has just completed a new frame building finished on the exterior with asbestos shingles.

PRICE CHART FILING DEADLINE EXTENDED

The deadline for filing of price charts by retailers selling clothing, furniture and floor coverings, and goods and other articles covered by Ceiling Price Regulation 7 was extended by the Office of Price Stabilization to April 30. This announcement was made by Sam F. Davis, district director, OPS.

STATE LICENSE SLOGAN CONTEST UNDERWAY NOW

The Florida Publicity and Public Relations Association has announced a brand new slogan contest to secure a license tag slogan, typifying Florida.

The winner of the contest will be awarded a \$100 War Bond. The winning slogan will be recommended to the State with the hope that it will be selected for use on the 1952 license plates.

CONTEST RULES: (1) Slogan must be typed or printed and submitted on a standard size postcard, clearly marked with return address.

(2) Slogan must be limited to three words.

(3) All entries must bear the Florida postmark.

(4) In case of duplication, the

Speechy at Indianapolis where the 500-mile race will be run. At the wheel is D. A. Wallace, president of the Chrysler Division of the Chrysler Corporation, who will guide the 180-hp V-8 "Power Engine" most powerful power plant of any passenger car, has drawn the crowds of thousands and here is shown on the track.

entry bearing the earliest postmark will be considered.

(5) There is no limit to the number of entries which may be submitted by any person, but each entry must be submitted on a separate card.

(6) All entries become the property of the Florida Publicity and Public Relations Association and will not be returned.

(7) Contest closes May 1, 1951

(8) Entries must be mailed to FTPLA, Box 308, Sarasota, Fla.

MAXIMUM BENEFITS FROM PASTURE ARE HIGHLY IMPORTANT

It will be more important than ever before for Florida livestock producers to get full, maximum benefit from their pastures during the spring and summer of 1951.

The demand for beef is so strong that it is a challenge to the farmer who raises cattle and the farmer who comes nearest doing his part toward meeting that challenge will be the one who gets every pound of meat that he can from his pastures.

Pastures are coming out strong now, and the tender young growth should provide excellent grazing for several weeks, but they will not continue highly productive unless managed properly. To turn out fat, sleek steers that will bring good prices on the late summer and early fall markets, pastures must be fertilized, mowed

Warren Edlits Services Of All Agencies in Safety Drive

Governor Fuller Warren's campaign for safety has enlisted the services of all the state agencies. The task of making Florida workers safety conscious through education has been delegated to the Florida Industrial Commission.

Through the Department of Industrial Safety, under the direction of Florida Industrial Commission Chairman Raymond E. Barnes, special safety short courses have been instituted.

These safety classes are held for foremen and key personnel of Florida firms and trade groups. Classes have been held in locations all over the state and in such trades as carpentering, construction, boat building, lumber, electrical work and sundry additional occupations.

The course is set up to include five classes of two hour periods. These classrooms are often right on the job site. Special emphasis is given safety methods in the particular industry in which the worker is engaged. Classroom instruction is supplemented by the instructor going to the plant and offering suggestions and ideas for improved safety features.

A preliminary survey of the course shows a twenty one per cent reduction in lost time, following the course, a twenty two per cent reduction in injury costs and a forty-four per cent reduction in lost time due to injuries.

The safety campaigning of the Florida Industrial Commission is not limited to its 18-hour Safety Course, however, but includes continuous inspections by personnel from the Department of Industrial Safety. Posters and other educational and reminder literature are also provided by the Commission.

Do Calves Grow On The Muck Lands?

Well Read This!

John L. Evans, Georgian born and educated — from books as well as by pulling a bell cord over a hard tail — sold a group of nine-months-old calves whose mothers were Florida common range cows mated to blooded Brahman bulls, averaging in weight around 600 pounds, at 34c last Monday — 200 bucks each.

These calves were born on his place south of the Bolles Canal and raised on Florida sunshine, fresh air, grass and medicated salt after they left the nutritious feed bag nature provided by their mothers. Of course the milk manufacturing plant was accelerated and enriched by the mother's feeding on the same fresh air, sunshine, grass and medicated salt.

There are still those who want to know, "Can you raise calves on the muck?" We listened to a Nebraska rancher who has just bought a sizable ranch close by say on Wednesday of last week, "What makes me mad is that I sold out back home and came down here to enjoy old age after a lifetime of wrestling with grasshoppers, five-to-eight-foot snow and the uncertainty that I would have any calves in the spring, to discover this cattle country. Why haven't I been here all the time?"
